A Clean Start with Smart Washer Dryer Combo T1019SWAF-D6

Smart Washer Dryer Combo

Toush Smart Washing Machine and Dryer Combo provide intelligent and premium laundry care, helping you manage your laundry remotely while ensuring your clothes are getting the gentle care they deserve.

- Clear, user friendly control panel.
- Powered by advanced, intelligent processor from the USA.
- Super secure 'Submarine' class door seal to prevent water leaks.
- Housing made of colour-coated steel plate that has good corrosion resistance. The inside of Washer is made of microwave safe number 5 PP, which is one of the highest grade plastic.
- Pair with Tough App to enjoy maximum freedom and control of your Tough Smart Washer and Dryer Combo.
- Inverter technology adjusts the washer and dryer to operate at optimum loads to provide energy and cost savings.

Manage Your Tough Washer and Dryer Combo from Anywhere.

Start, delay your washing or schedule your Washer to start at different times on different days of the week. You can monitor the status of your laundry and receive notification when your laundry is done. You can even choose the programme you prefer for different laundry loads. Make your life easier, simpler and intelligent with Tough Smart Washer and Dryer Combo.

Sensors

Toush Smart Washer and Dryer Combo is equipped with a variety of sensors to ensure efficient and safe operations while saving energy and cost.

Temperature sensor

The Washer senses the type of clothes and automatically tunes the washing temperature accordingly.

Water level sensor

This sensor automatically increases or decreases the amount of water required for a clean, soap free wash.

Quick Dry 30 mins

This quick dry 30 minutes cycle gets a small load of clothing dry and ready to wear in just 30 minutes.

- User friendly 360° digital knob with LED lights and turnable program knob.
- Air wash sterilizes with ozone sterilizing process which cleans inner clothes tub at the same time.
- Drum cleaning ensures your drum is free of detergent, lint and other residue. The drum inner barrel is cleaned separately, to prevent secondary transfer of dust and residue.
- 16 different washing modes to suit different needs. There is even a special menu for washing down jackets.
- 15' quick wash does the job when you're pressed for time for lightly soiled clothes. No need to wait for the full cycle.

Wash Optimiser

The Wash Optimiser (commonly known as IVS inverter frequency control system) will be able to intelligently configure the required settings according to different clothes and weight while saving energy and resources. Compared to conventional Washers, those with Wash Optimiser is more efficient.

 more power saving by 29%  more water saving by 17%

 More quiet with a noise reduction 3.9dB

Energy Savings

Compared to conventional type dryer, Heat Pump Tumble Dryer compressor heats up air, reducing energy usage up to 67%.

Adding Laundry

Oh No! Missed adding a sock or a shirt? You can add more clothing even during the washing cycle. Press the pause button and add the forgotten piece of clothing.

80 Degrees High Temperature Washing

After prolonged washing and drying, dirt and germs begin to accumulate both inside and outside the drum. Töush Washer and Dryer Combo with 80 degrees high temperature washing will sterilize both inside and outside the drum to kill harmful bacteria and clean stubborn stains.

-  Washing tub is filled with germs and stains.
-  High temperature 80 degrees heat flows into drum to do maximum level of the cleaning in every angle of the drum.
-  Germs are eliminated and stains are cleaned, ensuring allergen and bacteria free clothes.

Air Wash Detergent and Water Free

ThisThe eco-friendly Air Wash's ozone generator transforms oxygen in the air into ozone that sterilizes, disinfects clothing and eliminates up to 99.9% of allergens, including dust mites. The ozone is then quickly reduced to oxygen under normal room temperature. Hot water and detergents used in a traditional wash cycle are not required in Air Wash, which helps to prolong the lifespan and colour of clothes, and prevents running of colours into other clothes. Recommended clothing for Air Wash are woollen coats, cotton jumpers and sweaters.

TECHNICAL SPECIFICATIONS

Model No.	: T1019SWAF-D6
Dimensions	: 596(W)x635(D)x850(H)mm
Washing Capacity	: 10Kg
Motor	: Inverter
Drying Capacity	: 6Kg
Drying Power	: 1000W
Spin Speed (RPM)	: 400-600-800-1000-1200
Temperature (°C)	: Cold-20-30-40-50-60-80
Drum Volume (L)	: 60
Door Diameter (inner)	: 320mm
Door Diameter (outer)	: 486mm
Net weight (Kg)	: 72Kg
Gross weight (Kg)	: 77Kg
Net Dimensions (mm)	: 596*597*850
Packing Dimensions (mm)	: 682*672*860
Power Source	: 220V-240V, 50Hz
Rated Washing Water	: 7L
Power Consumption (WASH)	: 140W
Power Consumption (SPIN)	: 530W
Power Consumption (WARM)	: 1800W
Required Water Pressure	: 0.03MPa-0.8Mpa

FEATURES & FUNCTIONS

Anti-wrinkle spin dry	: ✓
Rinsing Time Setting	: ✓
Anti-foaming	: ✓
Preset menus	: ✓
Temperature Setting	: ✓
Child Lock	: ✓
Add Garments During Wash	: ✓

Wi-Fi Enabled	: ✓

WHAT IS TOUSH?

Discover a vast world of automation possibilities with Tough Smart Home Appliances!

Tough Inspired by Pensonic (Tough) are smart IoT appliances that are WiFi-enabled, and all the appliances in this series can be remotely controlled using the single Tough App.

Tough signifies touching, sensing, exploring and experiencing life in delightful ways. Tough smart IoT appliances are intuitive appliances that sense and respond to the user, and can be remotely controlled using touchscreen devices. These appliances connect, automate, quantify, optimise energy and resources, giving you more savings while fitting seamlessly into your lifestyle.

Through Tough smart appliances' different sensors such as temperature, air quality, location, vibration, humidity and other sensors, they interact with their environment, delivering useful data and practical recommendations to ensure a comfortable environment for you and your loved ones. Tough appliances are also voice control enabled and compatible with Google Assistant and Alexa for enhanced customer experience and comfort.

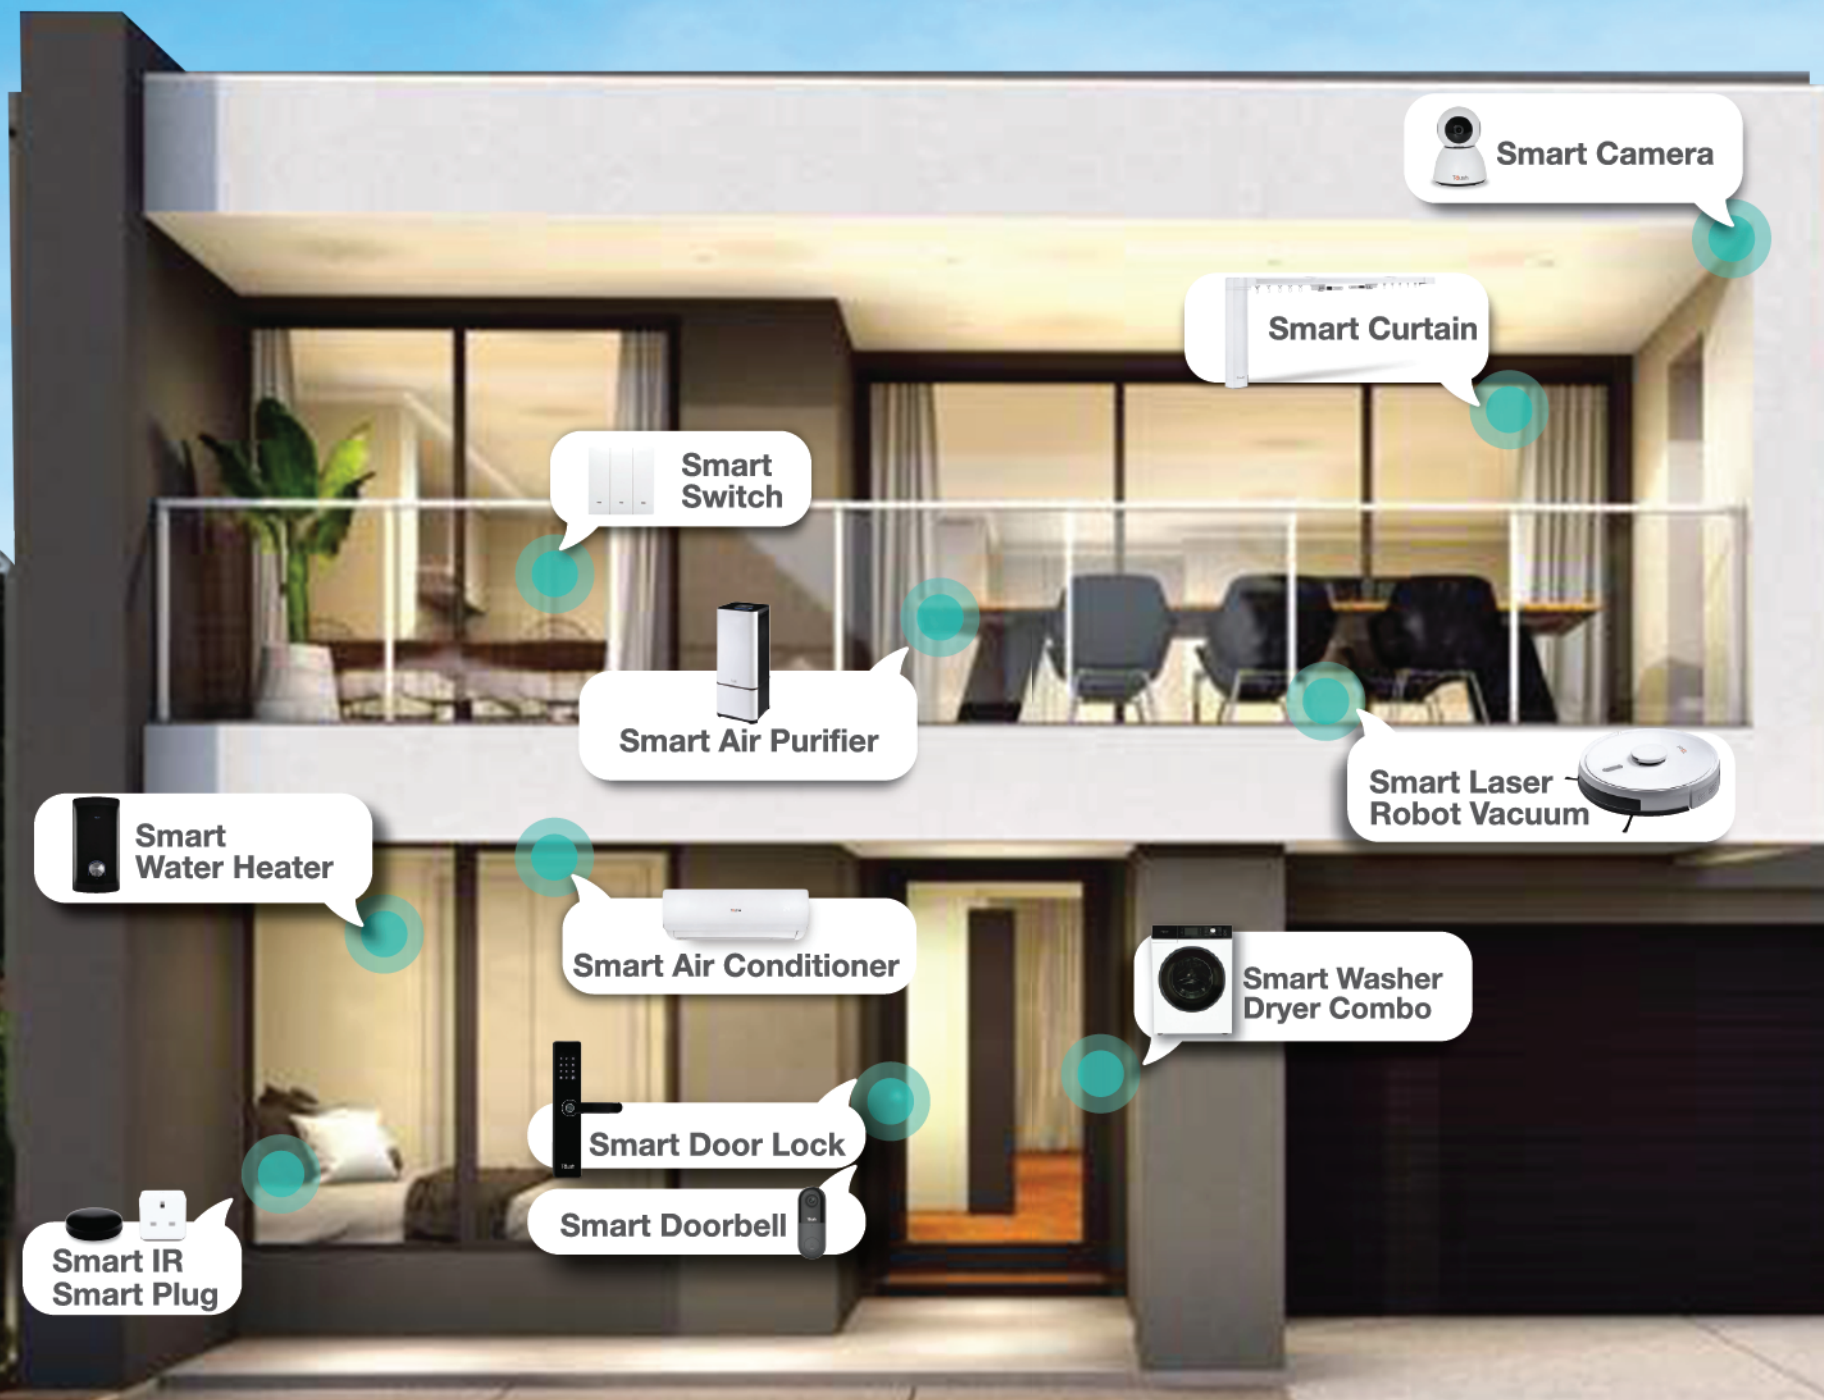

How does Tough elevate your lifestyle to the next level of enjoyment?

- Frees up time occupied in mundane chores to allow more quality moments with your family.
- Eliminates the need to micromanage your life. Helps you to monitor and manage your Tough appliance's status remotely.
- Allows flexibility in scheduling a variety of scenarios to enhance your lifestyle.
- Saves energy, time and countless other resources.
- Sends timely service updates to maintain your Tough appliances in top notch condition.
- Voice activated, works with Alexa and Google Assistant.

On top of energy saving and user friendly features, all Tough appliances are compliant with the necessary regulatory requirements.

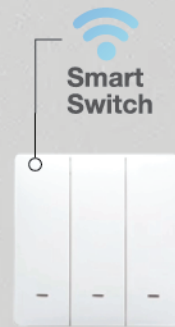

Get Tough App and learn new ways to simplify and enjoy your life.

Let Tough work its magic in your living space. Why settle for less when you can have more?
